NUMBER 28

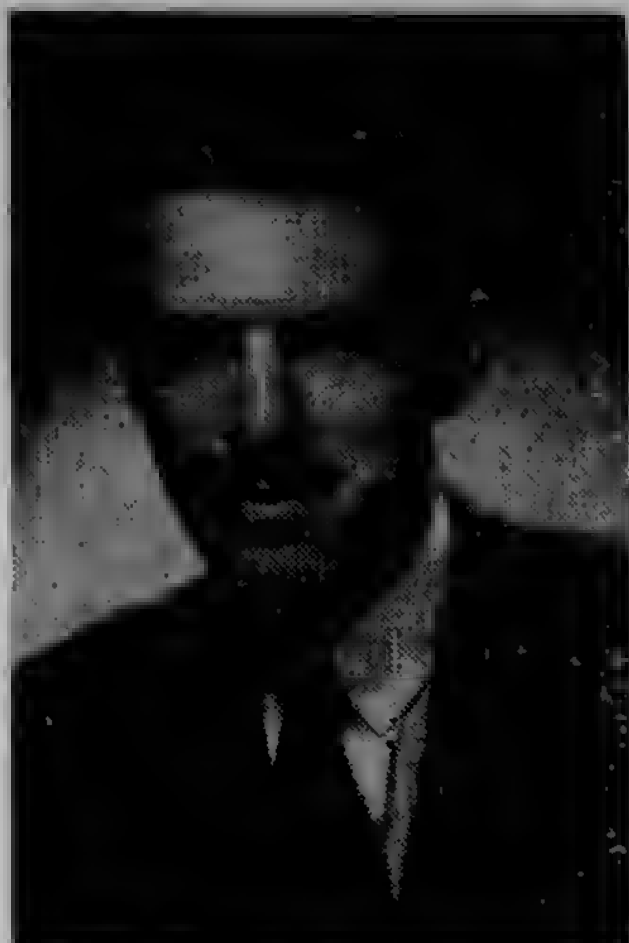

Two Million Dollar Beet Pay In Mail

The biggest beet pay in the history of the industry went into the mills Nov. 6th, when initial payment of \$8.00 per ton was paid for all beets delivered up to October 20th. The balance of the crop will be paid for at the same rate on December 6th. The final bonus on 1944 beets at the rate of 85c per ton will be distributed to 1,300 odd growers in the district on the 20th of this month.

The present cold spell found digging in this district completely with the exception of a very small acreage on a few farms, and a few hundred tons undelivered. Most of the outside help at the beet sheds were given their release last Thursday, and all beets that come in from now on by truck or wagon will go immediately into the flumes and through the mill so that there will be no danger from spoilage in storage. The Lethbridge Northern, according to reports was not quite so lucky there being 125 acres of beets still in the ground when the cold storm arrived.

Both factories are maintaining good average in slicing the daily slice being between 3,000 and 3,100 tons a day. The beets are in splendid shape and a good grade of sugar is being produced. Help is sufficient for the needs and on the first time in five years there are men applying for work who cannot be accommodated.

Raymond & District Over The Top

At 4 p.m. Wednesday afternoon peace has again been won. It reflects confidence of our people in the leaders of the nation, and a determination on the part of all of us to see that our service men mark and possibly reach \$315,000 when the books close Saturday night.

With the Committee we say "congratulations" to the residents of the district and to the energetic committeemen and salesmen who have made this achievement. It is a large sum of money it has been solicited when hostilities have ceased and us.

CLOSE POST OFFICES CHRISTMAS, NEW YEAR

Edmonton, Nov. 5.—Post offices throughout Canada will remain closed on Christmas and New Year's days this year, according to a release to day by T. J. Rolly, district postal superintendent.

To ensure mail and parcel deliveries, it is more essential than ever that all mail be posted well in advance of these holidays.

CALLS FOR TWO MINUTES' SILENCE ON NOV. 11

State Secretary Paul Martin in a statement Tuesday called for two minutes silence throughout Canada at 11 a.m. next Sunday, Nov. 11, in remembrance of those who died while serving in the First and Second Great Wars.

Our first really winterlike snow storm arrived Monday when at day light snow was falling lightly and the quantity of snow increased with the wind and for most of the daylight hours snow was swirling on the wings of a north wind. Toward evening the snow practically stopped but the wind kept blowing, not hard, but keen. At 4 p.m. thermometers registered 14 above.

The storm finds harvesting finished and beet digging about 90 per cent completed. However, the weather had been so good that feeders still had their stock on stubble and in beet fields, range stock still on summer pastures, and little preparation made for winter housing. However, the storm did not become too severe and no losses have been reported from any farmers.

The snow came on top of rain part of Sunday, and when it froze, and the snow kept falling, streets and roads became like ice and traction for cars was practically nil. No accidents resulted but cars would get stuck in two or three inches of snow and have to be pushed until they could get traction. During the night it turned quite cold and at eight o'clock Tuesday morning Lethbridge reported 10 below.

Town Council Meeting

Town Council meeting was held Monday night last with the Mayor and all Councillors present, also Secretary Jones.

The minutes of the last meeting and the Cash statement of the past month were presented and accepted.

A motion was passed that the Town purchase \$20,000 worth of Ninth Victory Loan Bonds.

Several tenders for sidewalk construction were received, and the tender of L. and T. H. Ehler for \$1,700 for labor only as per specifications was accepted, the work to be done just as early in the spring as weather conditions will allow. A cash deposit of \$500 of the tender was to be required by the Town. The Town Supervisor was instructed to get someone with a trenching machine and arrange for digging water trench as soon as the pipe is available.

The question of a night watchman was discussed and the Police Committee was asked to contact business men regarding helping pay for same and to hire one if it seemed advisable.

A motion was passed that the Mayor declare Remembrance Day, November 11th a holiday within the Town. An application for the position of Town Constable was read and a motion passed that the Police Committee deal with this as they saw fit. An application was also received for Skating Rink Caretaker, and the Secretary was instructed to inform the applicant that one of the Town's regular employees would take care of this work.

An application from Louis Brandt to have gravel hauled on the road to his place with him to pay half the cost was read, and the Works and Property Committee was left to make the decision.

See "SHADY LADY" tonight and Saturday.

Tomorrow, November 10th is Poppy Day. Buy a Poppy and assist the Legion in the work that it is endeavoring to carry on. The need is greater than ever. Lions Club Meeting

The Raymond Lions Club held their meeting in the Sugar Bowl on Monday Nov. 5th with Pres. Karl Wilde in the Chair.

"Oh Canada" was sung and the prayer offered by Lion Don White. Lion Jim Weaver was appointed the Lion Tamer for the balance of the term. Jim then called on the Quartette to sing "Old Black Joe" with the members joining in the Chorus. This was dedicated to Jack Vanderhill.

Lion Joe McLean then introduced Lion Wm. Wilde and Allan Bradley who took part in the debate "Resolved that Meat Rationing was necessary at the present time".

Wm. Wilde took the affirmative and Brad the negative. The judges were Lions L. L. Marktr and M. T. King, with each speaker given 8 minutes and the judges 4 minutes each.

Community singing was enjoyed with the new Lion tamer Jim Weaver handling the Baton.

Lion Paul Moreland reported on the members visit to the Milk River and Vulcan Charter nights.

The meeting closed by singing "God Save the King."

Starts Monday for 3 days Cornell Wilde in "A THOUSAND AND ONE NIGHTS" in Technicolor.

MEMORIAL HALL

The local Legion are anxious to get things started on the Memorial Hall to be erected here in Raymond for a tribute to a meeting place for the veterans of both World Wars but especially War II. Tickets have been on sale for some months past, but response has been halfhearted, partly because no concerted drive has been made, and partly no doubt to the fact that Victory and its succeeding interests have claimed the attention of so many.

The plan has much to recommend it. There is no question that such a building could fill a big need in our midst. We could all add our mite, if the project is definitely decided on, not only in the sale of tickets, but also in buying an extra one or two. Contact those of the Legion executive if you want to assist in this work.

NEWS NOTES

Crowded out of last week's issue

Jimmy May was home from school in Calgary over the week-end returning again Sunday evening.

Mr. and Mrs. R. G. Byrne were week-end visitors at Kinhorly, B.C. where Ralph went to visit his brother in hospital there. They report an enjoyable trip, marred only by a blow out.

LeRoy Anderson of the U.S. Army has been home on a short furlough, expecting to go to Japan soon after his return to camp. He was a speaker in the sacrament meeting at the 2nd Ward Sunday evening.

Tuesday many people looked for minutes at the giant search light's beams which were shining from Lethbridge on the evening sky. The big light was in Lethbridge partly in recognition of that city's achievement in going over the top in its Victory Loan drive. It is said the light was strong enough to read a paper six miles away, when the paper was held in its beams.

ROSS SPEAKS FOR CATTLEMEN

Mr. George Ross, prominent cattle man from Aden, Alberta, Director of the Western Stock Growers' Association and member of the Council of Canadian Beef Producers stated this morning that "The Canadian Packers and Canadian packing house labor should keep in mind that they the Canadian cattle producer not agreed, as a wartime measure, to give up his individual right to export to the United States to the Wartime Beef Corporation the livestock producer would not now find himself in the position of having to suffer the consequences of

a dispute that is brought about thru no fault of his.

The above mentioned action of the Canadian Cattle producer has enabled Canadian labor to have beef on his table at Canadian prices and enabled the Canadian packer to purchase cattle without U.S. competition, the cost to the Canadian live stock producer being at the present time at least 4c per pound live weight or \$40.00 per 1,000 pound animal.

The Canadian cattle producer is proud of the part he has played in the war effort but he feels that he should not be called upon to suffer at the hands of any other section of Canadian industry.

Crowded out of last week's issue

Mr and Mrs Geo. Loxton of Magrath have been visiting here for a few days, guests at the A. E. Hancock home.

Two youths of northern Alberta were arraigned in court in Edmonton Monday facing twenty charges of forgery, false pretences, etc.

Seaman Glenn Organ is home on a 14 day leave, being granted for him to visit his father who is ill in a Calgary Hospital.

A Jitterbug contest is slated for the Opera House on Saturday night November 10th. This ought to give some of our shaky young folks a real chance to strut their stuff.

Paul Schneider tipped his truck over near the Salmon farm the end of the week. The spill occurred when he hit a soft shoulder on the road. Damage was negligible and Paul was only shaken up.

With London dock workers still on strike, it is feared that even bread may be rationed in Britain this winter. This was the information carried in London newspapers the end of the week.

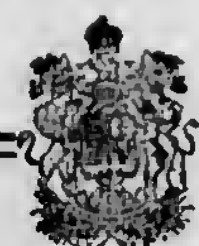

A. H. Avery Editor of the Taber Times has been elected President of the Alberta branch of the Weekly Editors of Canada. He succeeds Clyde Jessup of Nanton.

Shoe rationing in the United States was lifted at midnight Wednesday evening. This was undoubtedly good news to U.S. citizens as the rigid rationing had made keeping in shoes for the family quite a problem.

Rain was falling Wednesday morning at daylight and it looked like we were in for a storm. However the rain became lighter as the day wore on and about 3:30 p.m. the sun broke through the clouds and the evening was clear and quite mild, but during the night a nice little snow storm fell but the morning was clear and the sun is shining again.

1885 SIXTY YEARS OF PROGRESS 1945

A Dream Come True

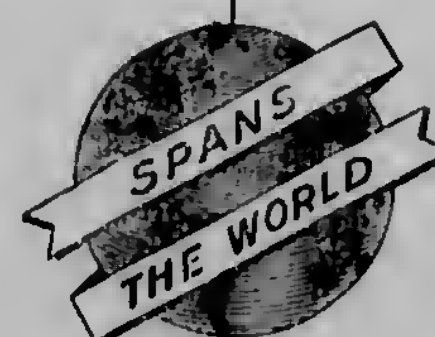

When, on November 7, 1885, the last spike was
driven linking the rails of the Canadian Pacific Rail-
way, developments only dreamed of that day were
to follow.

Soon ships flying the red and white Canadian Pacific
house flag were plying the Pacific... then the Atlantic.
There followed a chain of hotels... resorts and lodges
... coastal and inland steamships... express and tele-
graph services—the whole forming an all-Canadian
system stretching more than half way round the world.

In 1939, this vast system was dedicated to the win-
ning of the war. Since then the Company's rail lines
alone have handled more than 128 billion ton miles
of freight—and 11 billion passenger miles. All ocean
steamships have been on active service—many have
gone down fighting.

Now the Canadian Pacific faces the future. Plans
have been completed for the construction of new, im-
proved locomotives and coaches... sleeping cars...
parlour cars... diners; for the renovation of stations
and hotels; and for the building of a new fleet of
ocean vessels.

In a world at peace the Canadian Pacific will do its
part in providing modern, efficient transportation by
land and sea.

Canadian Pacific
